

1: Identification

- **Product identifier**
- **Trade name: ELITROL I**
- *Article number:* CONT-1060.
- *Synonyms* ELITROL I CONTROL
- **Relevant identified uses of the substance or mixture and uses advised against**
- *Application of the substance / the mixture*
Reagent for IN VITRO diagnostic
- *Product included in kit(s) :*
- Kit composed of one reagent : CONT-0080.
- **Details of the supplier of the safety data sheet**
- **Manufacturer/Supplier:**
ELITech Clinical Systems SAS
Zone Industrielle
61500 Sées • France
Tel : +33 (0)2 33 81 21 00
Fax : +33 (0)2 33 28 77 51
www.elitechgroup.com
MSDS.ECS-SAS@elitechgroup.com
- **Information department:** Product safety department
- **Emergency telephone number:** Contact your distributor or poison control center in your country.

2: Hazard(s) identification

- **Classification of the substance or mixture**
- **Classification according to Regulation (EC) No 1272/2008** The product is not classified according to the CLP regulation.
- **Additional information:**
Contains compounds of human origin potentially infectious.
Only blood of donors proven to have no antibodies against HIV1+2, HCV (Hepatitis C) and no HBsAG (Hepatitis B Surface Antigen), with FDA-licensed tests or CE-marked tests, is used in the manufacture of this product.
Since, nevertheless, risk of infection cannot be fully precluded the product must be handled as potentially infectious.
- **Label elements**
- **Labelling according to Regulation (EC) No 1272/2008 -**
- *Hazard pictograms -*
- *Signal word -*
- *Hazard statements -*

3: Composition/information on ingredients

- **Chemical characterization: Mixtures**
- **Description:**
Mixture of substances.
Human serum with chemical additives and material of biological origin.
- **Dangerous components:** No dangerous component in reportable quantity.

4: First-aid measures

- **Description of first aid measures**
- **General information:**
Immediately remove any clothing soiled by the product.
Show this safety data sheet to the doctor in attendance.
- **After inhalation:**
Supply fresh air.
Move out of dangerous area.
If required, provide artificial respiration.
If symptoms appear, seek medical advice.
- **After skin contact:**
Take off contaminated clothing and wash before reuse.
Immediately rinse with water.
Clean with a disinfectant.
If symptoms appear, seek medical advice.
- **After eye contact:**
Protect unharmed eye.
Remove contact lenses, if present and easy to do.
Rinse opened eye for several minutes under running water. If symptoms appear, seek medical advice.
- **After swallowing:**
Never give anything by mouth to an unconscious person.
Rinse out mouth.
Seek advice from a doctor or a poison control center.

Safety Data Sheet

acc. to OSHA HCS

Printing date 10/14/2015

Reviewed on 10/14/2015

Trade name: ELITROL I

(Contd. of page 1)

- **Information for doctor:**
- *Most important symptoms and effects, both acute and delayed* Unknown
- *Indication of any immediate medical attention and special treatment needed* Data not available

5: Fire-fighting measures

- **Extinguishing media**
- **Suitable extinguishing agents:**
CO₂, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
Use fire fighting measures that suit the environment.
- **Special hazards arising from the substance or mixture** Formation of toxic gases is possible during heating or in case of fire.
- **Advice for firefighters**
- **Protective equipment:** As in any fire, wear a respiratory protective device, and full protective gear.

6: Accidental release measures

- **Personal precautions, protective equipment and emergency procedures**
Handle as potentially infectious.
Wear protective equipment. Keep unprotected persons away.
Ensure adequate ventilation
Avoid physical contact with material.
Avoid formation of dust/spray.
Do not breathe dust/spray.
- **Environmental precautions:** Do not allow to enter sewers/ surface or ground water.
- **Methods and material for containment and cleaning up:**
Pick up mechanically.
Clean the affected area carefully; suitable cleaners are:
Disinfectant.
Send for recovery or disposal in suitable receptacles.
- **Reference to other sections**
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

7: Handling and storage

- **Handling:**
- **Precautions for safe handling**
Handle as potentially infectious.
Ensure good ventilation/exhaustion at the workplace.
Open and handle receptacle with care.
Avoid physical contact with material.
Avoid formation of dust/spray.
Do not breathe dust/spray.
Observe the warnings on the label.
- **Information about protection against explosions and fires:** No special measures required.
- **Conditions for safe storage, including any incompatibilities**
- **Storage:**
- *Requirements to be met by storerooms and receptacles:* No special requirements.
- *Information about storage in one common storage facility:* Not required.
- *Further information about storage conditions:*
Keep receptacle tightly sealed.
Protect the product from light. Avoid exposure to heat.
- *Recommended storage temperature:* 2-8 °C
- **Specific end use(s)** Data not available.

8: Exposure controls/personal protection

- **Additional information about design of technical systems:** Eyewash fountain and safety shower in the area of storage and use.

Control parameters

- **Components with limit values that require monitoring at the workplace:**

115-77-5 pentaerythritol

PEL (USA)	Long-term value: 15* 5** mg/m ³ *total dust **respirable fraction
REL (USA)	Long-term value: 10* 5** mg/m ³ *total dust **respirable fraction
TLV (USA)	Long-term value: 10 mg/m ³

- **Additional information:** The lists that were valid during the creation were used as basis.

- **Exposure controls**

- **Personal protective equipment:**

- *General protective and hygienic measures:*

The usual precautionary measures are to be adhered to when handling products potentially infectious.

The usual precautionary measures for handling chemicals should be followed.

Wash hands before breaks and at the end of work.

Take off contaminated clothing and wash before reuse.

Disinfect workplace and hands after work.

The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

- *Breathing equipment:*

Under normal conditions, the use of these products should not require respiratory protection. If overexposure should occur and ventilation is not adequate to maintain airborne concentrations at acceptable levels, the use of respiratory protection should be evaluated by a qualified professional.

Use equipment tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

- *Protection of hands:*

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

Use equipment tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

- *Material of gloves*

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

- *Penetration time of glove material* The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

- *Eye protection:*

Safety glasses

Use equipment tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

- *Body protection:* Protective work clothing

9: Physical and chemical properties

- **Information on basic physical and chemical properties**

- **General Information**

- *Appearance:*

Form: Lyophilised material

Color: Light yellow

· *Odor:* Odorless

· *Odour threshold:* Data not available

· *pH-value at 25 °C (77 °F):* 6.7 - 7.2

- **Change in condition**

Melting point/Melting range: Data not available

Boiling point/Boiling range: Not applicable

· *Flash point:* Not applicable

· *Flammability (solid, gaseous):* Combustible material

· *Ignition temperature:* Data not available

· *Decomposition temperature:* Data not available

· *Auto igniting:* Product is not selfigniting.

· *Danger of explosion:* Data not available

· *Vapor pressure:* Data not available

- **Density:**

Relative density: Data not available

Vapour density: Data not available

Evaporation rate: Not applicable

- **Solubility in / Miscibility with**

Water: Easily soluble.

· *Partition coefficient (n-octanol/water):* Data not available

- **Viscosity:**

Dynamic: Not applicable

· **Other information** No further relevant information available.

10: Stability and reactivity

- **Reactivity** See § Possibility of hazardous reactions.
- **Chemical stability** Stable under recommended storage conditions.
- **Thermal decomposition / conditions to be avoided:** No decomposition if used according to specifications.
- **Possibility of hazardous reactions** No dangerous reactions if used according to specifications.
- **Conditions to avoid** No further relevant information available.
- **Incompatible materials:** Data not available
- **Hazardous decomposition products:** Formation of toxic gases is possible during heating or in case of fire.
- **Additional information:** Stable at the recommended storage temperature and if protected from light. Avoid exposure to heat.

11: Toxicological information

Information on toxicological effects

Acute toxicity:

· *LD/LC50 values that are relevant for classification:*

ATE (Acute Toxicity Estimates)

Dermal	LD50	> 2000 mg/kg
Oral	LD50	> 2000 mg/kg

Primary irritant effect:

· *on the skin:* May cause irritating effect.

· *on the eye:* May cause irritating effect.

Inhalation:

May be harmful by inhalation.

May cause irritating effect.

· *Ingestion:* May be harmful if swallowed.

· *Sensitization:* Based on available data, the classification criteria are not met.

Additional toxicological information:

Only blood of donors proven to have no antibodies against HIV1+2, HCV (Hepatitis C) and no HBsAG (Hepatitis B Surface Antigen), with FDA-licensed tests or CE-marked tests, is used in the manufacture of this product.

Since, nevertheless, risk of infection cannot be fully precluded the product must be handled as potentially infectious.

Carcinogenic categories

· *IARC (International Agency for Research on Cancer)*

No component, contained in this product at concentration equal or greater than 0.1 %, is listed by IARC as a carcinogen.

· *NTP (National Toxicology Program)*

No component, contained in this product at concentration equal or greater than 0.1 %, is listed by NTP as a carcinogen.

12: Ecological information

Toxicity

· **Aquatic toxicity:** At present there are no ecotoxicological assessments.

· **Persistence and degradability** Data not available

· **Behavior in environmental systems:**

· **Bioaccumulative potential** Data not available

· **Mobility in soil** Not expected

· **Additional ecological information:**

· **General notes:**

Water hazard class 1 (Self-assessment): slightly hazardous for water

Do not allow product to reach ground water, water course or sewage system.

Disposal procedures have to be respected, see Section 13.

· **Other adverse effects** No further relevant information available.

13: Disposal considerations

Waste treatment methods

· **Recommendation:** Disposal must be made according to official regulations.

Uncleaned packagings:

· **Recommendation:** Disposal must be made according to official regulations.

· **Primary packaging:** Glass bottle

14: Transport information

· **UN-Number**

Not applicable

· **DOT, ADR, ADN, IMDG, IATA**

-

· **UN proper shipping name**

· **DOT, ADN, IMDG, IATA**

-

· **ADR**
